I R E L A N D.

Dublin, February 19. By the Passengers arrived by the St. Luke, from Bourdeaux, some of which had been Prisoners at Bayonne, we are informed, that they were fitting out there 8 Privateers; and that there was only one Privateer belonging to Bourdeaux, three others that they had fitted out having been taken; and that of 40 Ships which were expected Home before they left that Place, only One had arrived, which occasioned great Uneasiness to those concerned.

Last Week arrived here a Ship from Philadelphia, with Flax Seed, which had been taken by two French Men of War, and was ransomed by them for 600l. Whilst she was in their Custody, four Ships laden with Provisions from Cork, by Accident (very likely) fell into their Hands; upon which one of the Men of War was sent off to convey them to Brest.

We have an Account from Kinsale, that the Hulk is arrived there from England, under Convoy of the Monmouth Man of War; and that there will be a Squadron of 12 Men of War stationed there; whereof Six will be kept out on a Cruise, and so relieve one another alternately.

Last Thursday an Express was sent hence to Cork and Kinsale; and by this Day's Mails from thence we are informed, that it carried Orders for embargoing all Provisions for two Months; and it is thought there will be no Favour shewn to Ships of Foreign Nations, many of them having taken in their Lading of that Kind, and landed them directly in France and Spain, without touching at Home first.

By a Letter from Dundalk we have an Account, that Patrick Campbell, a proclaimed Tory, was taken last Thursday Night near Dunleer, and committed to the Goal of Dundalk: He was taken in the following Manner; Mr. Johnston of the Few's has been in pursuit of him these four Years past, and has kept one of his Men privately in the Town of Dunleer for these six Weeks past, in order to walk the Road between Dunleer and Drogheda every Night, where Campbell robb'd the lower Sort of People frequently; and on Thursday last came one of Mr. Johnston's Spies to his Man, who informed him where Campbell was to be that Night; he not having Men to assist him, applied to Mr. Porritt, Sovereign of Dunleer, who, like a Friend to his Country, got him four stout Fellows, and arm'd them well; when they came to the House where the Tory was, he made an obstinate Defence for about three Hours; at last they broke in at the Gable-end of the House, on which he called out for Quarters.

The Webster, Stevens, from London, arrived here last Saturday, in seven Days; the Master Reports, that in his Passage he met only two English Men of War, one of 40, and the other of 20 Guns, and two English Privateers on their Cruise; from whence he concludes, that St. George's Channel is quite clear of our Enemies.

A Letter from Erris, the most Westerly Part of Ireland, dated February 7.

'There was a large Lake in this Place, which was computed to be about Three Miles in Circumference, environned with Sandy Hills. It had no Communication with Sea or River, and, I believe, there was a Quarter of a Mile from it to the Sea. This Lake, which is most surprizing, disembugued itself in the Space of one Night's Time into the Sea, broke a Passage thro' the Sand Hills, and, I do affirm it to you for Truth, that the Passage it made to the Sea is inexpressible. There was abundance of Eels found by the Populace, which was a great Relief to the indigent People here. The Place where this happened is called Crofs. It is a perfect Strand now, and I have often rid upon it since. This wonderful Affair happen'd the 1st of this Month.'

Newcastle, February 23. Arrived the Anna Catherina, Robert; and the Ingle Maria, Fafner, from North Bergen; the Two Brothers, Rolfs, from Hamburg; the Friendship, Vandoon, from Rotterdam; and the Elizabeth, Wallis, from Amsterdam.

Plymouth, February 24. Since my last came in the Vernon, Addis, from South Carolina, in 30 Days, for Pool. He has been chased three Times by Privateers; the last off Cape Clare, by a Dogger, but got clear by out-failing them. The above Captain brings an Account of the Rose Man of War, Captain Franklin, having taken a rich Prize; and confirms the large French Ship being taken by the Flamborough. The Crew of the Swallow Snow of War were got to Carolina; which

Ship was unhappily lost on the Bahama Banks, but most of the Crew were saved. Just now came in his Majesty's Ship the Monmouth, from Ireland, and two Coasters from Bristol. Sailed his Majesty's Ship Sutherland, with the Coasters under her Convoy.

Dartmouth, February 24. Yesterday arriv'd the Dorothy, Treinble, of Whitehaven, from Morlaix, with 327 English Prisoners; who report, that the French were fitting out Five Men of War at Brest for the West Indies, and believe they may be ready to put to Sea by this Time. Last Night sailed the above Ship for Whitehaven, and the William and Margaret, Burrow, for Waterford. This Day came in the Anne, Yowart, from Whitehaven for Rotterdam.

Pool, February 25. Wind N. Came in the Thomas and Eliza, Henning, and the Desire, Rogers, from London; the Wilmington, Dyer, from Guernsey; the Eagle, Watts, from Swansea; and the Richard and Sarah, Nickless, from Plymouth. Sailed the Coronation, Robbins, for Guernsey; and the Martha and Elizabeth, Seagar, for Lisbon.

Cowes, February 25. Wind N. Came in the Joug Jacob, Zecun, from Portsmouth, to load Sugar for Holland; and the Endeavour, Sinkins, from Southampton for Ireland.

Southampton, Feb. 25. Wind W. Yesterday arrived the Montague, Beinevan, from Guernsey; who brings Advice, that the Charming Molly Transport, Captain Powel, arrived there the 12th, and was sailed thence the 20th Instant.

Deal, February 26. Wind S. W. Came down the Anne, Wigg, for Jamaica; and remain with the Duke Man of War, and the Ships as per last. Came down, and sailed through, the Sutherland Privateer, Capt. Sutherland, on a Cruise.

According to some late Accounts from Petersburg, a Relation is actually printing there of the Discoveries made for 20 Years past towards the North East; from whence it is said, it will appear that there is little or no Difficulty in opening a very advantageous Commerce between some of the Provinces of the Russian Empire, and that of Japan. This Work will be printed both in the Language of the Country, and in Latin.

A new Board of Trade has been lately erected at Stockholm, with Power to enquire what Branches of Commerce are detrimental to the Publick, by carrying out the Coin of the Kingdom for mere Articles of Luxury; and to propose such Methods for putting a Stop to this Evil, as may be most effectual, and withal, easily put in Practice.

They write from Leghorn, that the Corsicans are in Arms; that they have lately received a grand Supply of Arms and Ammunition; that they have blocked up most of the Ports belonging to the Genoese in that Island; and that they wait for nothing but the Arrival of a few Pieces of Artillery to form the Siege of Bastia.

A small French Privateer, called the Three Cousins, Porteur, about 25 Tons, four Swivel Guns, and 30 Men, is taken by the Falcon Man of War, the Hon. Captain Birmingham, and brought into Harwich on Sunday last.

The Conception, a French Ship from Cartagena for the Havanna, 400 Tons, 20 Carriage Guns, and 326 Men, is taken by the Rose Man of War, Capt. Franklin, of 20 Guns, and 175 Men, after an obstinate Engagement of Five Hours and a half. Yard Arm and Yard Arm; in which 127 Frenchmen were killed, and as many wounded. Capt. Franklin had but Five Men kill'd, and 13 wounded. There is already discovered on board this Prize 500,000 Pieces of Eight, a great Quantity of Diamonds and Wrought Plate, with 800 Serons of Cocoa. In short, she is the richest Prize taken from the Spaniards this War, except the Aquapulca Ship by Admiral Anson.

Yesterday Morning died, at his House in Gracechurch-street, Mr. Danie, one of the Surgeons of St. Bartholomew's Hospital, and Deputy of Bishopgate Ward.

Last Week Mr. James Hay, a Dealer in Horses at Chisil in Essex, on his Return from Foulmore, was found frozen to Death a little Distance from the Road, supposed in the Night to have lost his Way.

Last Week died in Childbed, the Lady of Thompson, Esq; a young Gentleman of a large Estate near York City.

The Corpse of his Grace the Duke of Beaufort will be carried from Bath, in order to be inter'd at Badminton in Gloucestershire, amongst the Ancestors of that Noble Family.

The Beginning of next Week Mr. M. lie, Surgeon of the King's own Regiment, sets out for Flanders.

Yesterday two of his Majesty's Secretaries of State set out for Windsor, in order, as we are informed, to examine Marshal Belleisle.

Yesterday the Sessions began at the Old Bailey, when 16 Prisoners were tried, one of whom was capitally convicted; viz. James Stanbury, for a Burglary. He kept a House in Hanging-Sword Alley, Fleetstreet, which went by the Name of the Blood-Bowl House. His Wife was capitally convicted some time since, for robbing Capt. Morgan in the same House, and is since transported.

Twelve were cast for Transportation. And Three acquitted.
